In-Campus Training Programme on Promotion and Development of Micro Enterprises

(08 to 10 July 2026)

Introduction: MSME sector has emerged as a vibrant and dynamic sector of the Indian economy over the last five decades. MSMEs not only play a crucial role in providing large employment opportunities at comparatively lower capital cost than large industries but also help in industrialization of rural and backward areas, thereby, reducing regional imbalances, assuring more equitable distribution of national income and wealth. MSMEs are complementary to large industries as ancillary units and this sector contributes enormously to the socio-economic development of the country. Notably, the Micro enterprises sector accounts for more than 90% of the units and plays a major role in employment generation (97%) and is indispensable to rural India.

Loans are provided to startups, small business entrepreneurs and women entrepreneurs for short-term and long term purposes. In the aftermath of COVID-19 pandemic, Government of India has announced special package under the Atmanirbhar Bharat Abhiyaan realizing the importance of the sector. Promoting and supporting micro-enterprises has not only been given substantial allocation but has also been accorded priority in implementation of various measures to revive the economy. The definition of MSME has also been further revised by the GoI w.e.f. 01.04.2025

In this backdrop, recognizing the need for increasing credit flow to this sector, BIRD Mangaluru has announced this in-campus training programme on Promotion, Development & Appraisal of Micro Enterprise Projects.

- ❖ The importance of promoting micro-enterprises especially in rural areas
