On-Location Training Programme on 'Rural Start Up Ecosystem' (28 to 30 November 2024)

Introduction: Startup India is a flagship initiative of the Government of India, intended to catalyze startup culture and build a strong and inclusive ecosystem for innovation and entrepreneurship in India. Ministry of Agriculture in partnership with Startup India launched the Agriculture Grand Challenge on 15th December, 2017 creating opportunity for Agri-tech start-ups with a commercially viable solution to innovative challenges in the sector.

There are around 1500 Agri-Tech startups in India across the value chain, leveraging the use of technology and innovation in business models to impact the large Agriculture sector in India. Focus areas for Agri-Tech startups include Big Data, Farming-as-a-Service (FAAS), Market Linkage Models, ERP, Fintech and IoT for Farmer. Considering the potential thereunder, we propose to conduct a three days' programme on 'Rural Start Up Ecosystem' for FPOs, Resource Agencies/Promoting Institutions of FPOs, Entrepreneurs, ACABCs, VCs and Fund Managers and Financial Institutions.
